

SAFETY INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS

1. Please read these instructions.
2. Please keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus with water.
6. Clean only with a dry cloth. Great care and attention has gone into the materials chosen to produce your AUDIOVECTOR loudspeakers. A gentle wipe with a dry, clean cloth is all that is required to remove any dust. Treat them as you would a fine piece of furniture because that is how they have been designed. To clean the high gloss finishes use a "Lacquer Polish" that has been developed for cars.
7. Do not install near any heat source, such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
8. Only use attachments/accessories specified by AUDIOVECTOR.
9. Use only with the cart, stand, tripod, bracket, or table specified by Audiovector or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over. 
10. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen onto the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally or has been dropped.
11. This apparatus shall not be exposed to dripping or splashing water and that no object filled with liquids such as vases shall be placed on the apparatus.
12. This exclamation point within an equilateral triangle is intended to alert the user to the presence of important maintenance (servicing) instructions in the literature accompanying the appliance. 
13. No naked flame sources, such as lighted candles, should be placed on the apparatus.
14. AUDIOVECTOR would discourage using its products in high humidity, extreme hot or cold or outdoor environments.

RE-CYCLING

Correct Disposal of Waste Electrical and Electronic Equipment (WEEE) by User in Private Households in the EU. 

This symbol on the product or accessories indicates that they must not be disposed of with your household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. Instead it is your responsibility to dispose of your waste equipment by handing it over to a designated WEEE collection point for recycling. The separate collection and recycling of your waste equipment will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

For more specific information about where you can take your equipment for recycling please contact your local city/council office, your local waste disposal service or the outlet where you purchased your AUDIOVECTOR product.

ROHS DECLARATION OF CONFORMITY

Directive 2011/65/EU of the European Parliament and of the Council on the reduction of the use of certain hazardous substances in electrical and electronic equipment, June 2011. 

BACKGROUND

The RoHS directive restricts the use of Lead (Pb), Cadmium (Cd), Mercury (Hg), hexavalent Chromium (CrVI), polybrominated biphenyl (PBB) compounds, and polybrominated diphenyl ether (PBDE) compounds in electrical and electronic equipment sold in the European Union.

GUARANTEE AND SERVICE

This equipment has been fully tested prior to dispatch from the factory. Both the craftsmanship and the performance of this product is guaranteed against manufacturing defects for the period of five years from the date of purchase (see conditions below), provided that the product was supplied by an authorised AUDIOVECTOR retailer under the consumer sale agreement. (The words 'consumer sale' shall be construed in accordance with section 15 of the supply of goods act 1973). AUDIOVECTOR accepts no responsibility for defects arising from accident, misuse, abuse, wear and tear, modification or operation outside of that specified within this instruction manual. Neither will responsibility be accepted for damage or loss occurring during transit to or from the parties claiming under this guarantee. This guarantee covers both labour and parts. Please note that unauthorized opening or repair of your speakers, puts your warranty out of function. The liability of AUDIOVECTOR is limited to the cost of repair or replacement of the defective parts (at the discretion of AUDIOVECTOR) and under no circumstances extends to consequential losses or damage.

AUDIOVECTOR

Handmade in Denmark since 1979

CLAIMS UNDER THIS GUARANTEE

The equipment should be returned in its original packaging to the original supplier where possible, or to any other authorised AUDIOVECTOR dealer. If it is not possible to return the equipment by hand, then it should be sent carriage prepaid via a reputable carrier. If the original packing is not available replacement packaging can be purchased from AUDIOVECTOR. If you have any difficulties complying with these requirements please contact us at the following address:

F3/AUDIOVECTOR ApS
Mileparken 22
DK-2740 Skovlunde, Denmark

DATA PROTECTION

We at AUDIOVECTOR are committed to respecting the wishes and privacy of our customers. Any information you provide will be held in the strictest confidence and only used within the AUDIOVECTOR organisation for the provision of services such as warranty claims or spare parts.

We may wish to contact you in the future to ensure you are happy with the products and standards of service we provide and to keep you up-to-date with the latest products and promotions we have to offer. Should you wish not to be contacted by us, please let us know by e-mail.

EC DECLARATION OF CONFORMITY

We, F3/AUDIOVECTOR ApS (Manufacturer and Importer)
Mileparken 22, DK-2740 Skovlunde, Denmark,
declare in own responsibility, that the Audiovector products described in this manual is in compliance with Technical Standards/Council Directives:

(LVD) 2014/35/EU Low Voltage Directive

(effective from 20 April, 2016)

EN60065: 2002+A1: 2006 Safety requirements for mains operated electronic and related apparatus for household and similar use.

(EMC) 2014/30/EU Electro Magnetic Compatibility

(effective from 20 April, 2016)

EN55013: 08.90+A12:08.94+A13:12.96

Limits and methods of measurement of radio disturbance characteristics of broadcast receivers and associated equipment.

EN55020: 12.94+A11:12.96

Electro magnetic immunity of broadcast receivers and associated equipment.

EN61000-3-2: 04.95+A1:1998+A2:1998

Electro magnetic compatibility (EMC) – Part 3: Limits – Section 2: Limits for harmonic current emissions (equipment input current up to and including 16 Ampere per phase).

EN6100-3-3: 01.95

Electro magnetic compatibility (EMC) – Part 3: Limits – Section 3: Limits of voltage fluctuations and flicker in low-voltage supply systems for equipment with rated current up and including 16 Ampere per phase.

Yours sincerely

Ole Klifoth
